

Microsoft Teams Quick Guide

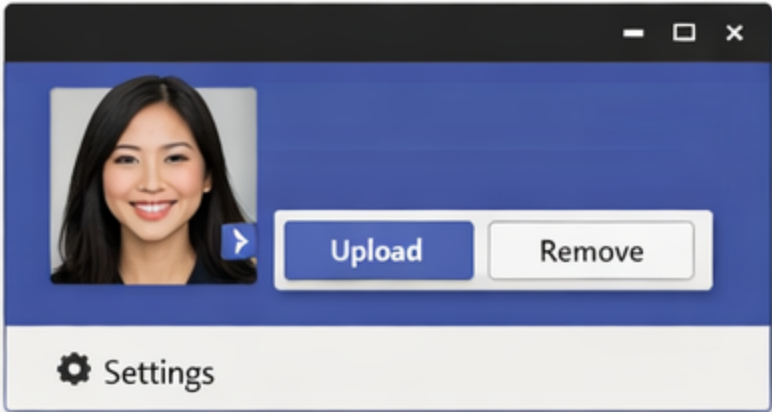

Profile Picture & Background Settings

Change Your Profile Picture

On Desktop:

1. Open Microsoft Teams
2. Click your profile icon (top-right corner)
3. Click your picture again
4. Select **Upload** (new photo) or **Remove**
5. Click Save

 **Tip:** Use a clear, square image (JPG/PNG) for best results.

Change Background (Before a Meeting)

1. Join a meeting from your calendar
2. Turn on your camera
3. Click **Background filters**
4. Select
 - **Blur** (hide background)
 - **Built-in** background
 - **Add new** to upload your own
5. Click **Join now**

Change Background (During a Meeting)

1. Click **More actions** (...)
2. Select **Video effects / Background settings**
3. Choose or upload a background
4. Click **Apply**

Helpful Tips

- Background stays active for future meetings until changed
- Supported image formats: **JPG, PNG, BMP**
- Restart Teams if updates don't appear right away

Quick Summary

Task	Location	Action
Profile Picture	Top-right menu	Upload or remove
Background (Before)	Pre-join screen	Background filters
Background (During)	More actions menu	Video effects
